**TOTAL HEALTH CARE, INC. NAMES Interim Chief Executive Officer & Chief Operating Officer**

Baltimore, MD – December 6, 2017 – The Board of Directors of Total Health Care, Inc. has selected Danny Bellamy as the Interim Chief Executive Officer (CEO) and Dr. J. Wyndy Webb, PharmD, MBA, PMP, as the Chief Operations Officer (COO) of Total Health Care, Inc.

Mr. Bellamy's selection follows the retirement of Faye Royale-Larkins. Dr. J. Wyndy Webb, PharmD, MBA, PMP, was previously the Vice President of Operations at Total Health Care and has been promoted to the COO position.

Total Health Care's Interim CEO, Danny Bellamy, has over 30 years of experience in the management and development of health care programs that impact Medicaid and commercial populations. With significant experience in direct healthcare delivery, operational implementation and negotiation of health plan and hospital contracts, and developing reimbursement strategies for services for people with chronic conditions, he served as the senior operating executive for a care coordination health plan that provides comprehensive services to Medicaid SSI eligible beneficiaries.

Mr. Bellamy has an extensive history with The HSC Health Care System, having previously served as its director of contracting and business development, and director of rehabilitation services at The HSC Pediatric Center. He has demonstrated experience managing over 150 employees in health care delivery ranging from primary care to managed care and hospital-based services. His background includes extensive government contract negotiations along with data analytics to support the development of stakeholder and health care provider relationships. Before joining HSC he was a managing partner at MCA Washington, DC, where he was responsible for the start-up and overall management of a multi-specialty physician practice and multi-disciplinary allied health care entity, as well as a senior manager at the Greater Southeast Healthcare System long-term care division. Mr. Bellamy has a bachelor's degree from Georgia Southern University and is currently seeking a master's degree in health informatics at UMUC. He is also a board member of Medicaid Health Plans of America, District of Columbia Department of Health Care Finance's Medical Care Advisory Committee, Treasurer of the District of Columbia Health Plan Association, and he has served on the District of Columbia Mayor's Advisory Committee on Early Childhood Development

Total Health Care, Inc. Board Chairman, Darien E. Nolin states, "As we transition, we are excited to have Mr. Danny Bellamy lead Total Health Care; a capable leader committed to serving the staff, community of THC, and its affiliates. We are confident Mr. Bellamy's considerable management experience and extensive knowledge of healthcare management will be a proven asset for THC's continued growth and success."

Total Health Care also announced the promotion of Dr. J. Wyndy Webb as COO from her position as Vice

President of Operations for Total Health Care, Inc. As a member of Total Health Care's executive team, she is responsible for project management oversight of strategic operational initiatives including Pharmacy, Dental, Laboratory, Optometry, Health Information Management, Call Center, Population Health, IT, and sub specialty services. In her new role, Dr. Webb will be accountable for strategically leading the operations to achieve a standard of excellence that supports Total Health Care's (THC) strategy and brand, as well as, ensure the operational integrity and financial strength of medical practices, programs and services.

Dr. Webb has demonstrated the commitment and business acumen necessary to help accelerate our financial and operational performance through visionary and disciplined leadership and is dedicated to providing excellent care to her community, customers and patients which assist in attaining the common goal of improved population health.

Total Health Care, Inc., a federally qualified health center (FQHC) is Maryland's largest minority-operated non-profit community health center. It serves a population whose health is significantly impacted by social determinants of health including, housing, food security, employment, and education. THC serves more than 30,000 patients annually and has ten sites throughout Baltimore City and surrounding areas.
